

FEATURED PROJECT

Project	Linwood Water Treatment Plant HVAC Upgrades
Owner	City of Milwaukee
General Contractor	J.F. Cook Company
Contract Amount	\$40,200.00
Lost Time Accidents	0

Summary

In July of 2006, the P.L. Freeman Co. was invited by the City of Milwaukee and the J.F. Cook Co. to install air-conditioning in the pump room of the Linwood Water Treatment Plant.

The P.L. Freeman Co. installed two Carrier 28 Ton condensing units. Our refrigeration fitters skillfully installed over 200 feet of piping to connect the condensers to the evaporators. Our service techs proceeded to perform leak testing, evacuation, refrigerant charging and start up. The project was a total success leaving the customer happy and satisfied.
