

FEATURED PROJECT

Project	Wesley Scott Senior Living Center
Owner	Gorman and Company
General Contractor	Gorman and Company
Contract Amount	\$281,000.00
Lost Time Accidents	0

Summary

In June of 2006, the P.L. Freeman Co. was invited by the Gorman Co. and Wheda to participate on this high profile project. Once completed this 4 story, 80 unit building will serve as an assisted living facility for the elderly.

On this project P.L. Freeman installed the boilers, cabinet heaters and the hot water baseboard in the building. Our steam-fitters skillfully installed all of the hot water and natural gas piping throughout the entire building. Another fine project completed by P.L. Freeman!
